

EPSC 2015

Science Flash

On Wednesday the 30th of September during EPSC 2015 is organised a Science Flash competition!

Wed, 30 Sep, 17:45–19:15 / Room Mars

IF YOU KEEP SAYING "BEAR WITH ME FOR A MOMENT", PEOPLE TAKE A WHILE TO FIGURE OUT THAT YOU'RE JUST SHOWING THEM RANDOM SLIDES.

Principle

Present your research in 180s with only one slide in a fun and original way!
The three presentations, best rated by the jury, will receive a prize!

Rules

You are allowed one slide (without videos or animations)
You have 180 s to present your work. Not more.

Evaluation

Your performance will be evaluated by a panel of 2 ECS and 2 non-ECS. The evaluation will be based on the following points:

- speaker qualities: clear expression; enthusiasm; interaction with the audience and of course if the presentation was entertaining.
- structure: clear purpose of research; clear presentation of the context; good succession of ideas and the added value of the one slide.

Registration

For organisation matters it is recommended to register before the EPSC or at least during the EPSC before the event. To register please send an e-mail with your name, your institution and the title of your presentation to loic.rossi@latmos.ipsl.fr or **get in touch with Loïc Rossi during the ice breaker event on Sunday evening** and during the conference.

Registration Flash-Code!

Here is a useful example of what not to do :

EPSC
European Planetary Science Congress
27 September - 02 October 2015
La Cité des Congrès, Nantes, France
